Norwex provides you with a leaner, greener way to clean. Natural alternatives reduce the number of toxins in your home and promote a healthier environment for you and your family. Most products in the line are reusable and sustainable, meaning less waste for the environment and less cost for you.

Best of all, the products are designed to make cleaning quicker and easier!

So come on out and learn a little about what makes Norwex systems so amazing and how the products will help you by being...

- Safer - Reduce the use of chemicals used in cleaning by 90%
- Faster - microfiber grabs all the dust and dirt in one single pass
- Cleaner - no residual chemicals are left on the surface to attract future dust & dirt
- Healthier - you don't need to breath, touch or digest chemicals
- Affordable - it reduces the need to spend \$500 (Canadian Avg.) per year on other cleaning products
- Environmentally & earth friendly
- Easy to use

Norwex also stands behind its products with a 60-day money-back guarantee and a 2-year warranty on all microfiber.

If you are not familiar with Norwex, the corporate website is a good introduction. [www.norwex.ca](http://www.norwex.ca) if you have questions, feel free to contact my Norwex consultant [Joanne McKechnie](mailto:JoanneMcKechnie@norwex.ca) at (604) 870-0699 or at [norwex4thefamily@gmail.com](mailto:norwex4thefamily@gmail.com)

Hope you are able to come and, if you have a friend that is also concerned with the environment and chemicals in their home, be sure to bring them along.
